

SPECIFIC OBJECTIVES

Mapping and strengthening of **R&I Ecosystem** through a Network Strategy (with a focus on **CCI Challenges**)

R&I Capacity Building in innovation and valorization

Living Labs for innovative solutions against **CCI**

Strengthen a **Pacific-based framework** for education / knowledge

METHODOLOGY

Call Dec 2021, Start: 10/2022

Call 1. Mapping & Diagnosis of the R&I ecosystem
 -> **Strengthening R&I strategy** focus to CCI
 -> **TORs for structuring Living Labs**

Call Dec 2021, Start: 10/2022

Call 2. Training & capacity building for R&I
 -> **Strengthening capacities** of stakeholders in innovation and valorisation

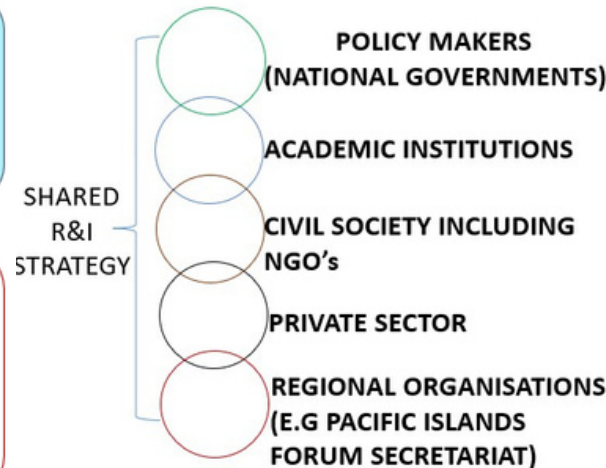

Close Dec 2022, Start: 03/2023

Call 3. Co-construction of Living Labs
 -> **Innovative solutions against CCI**

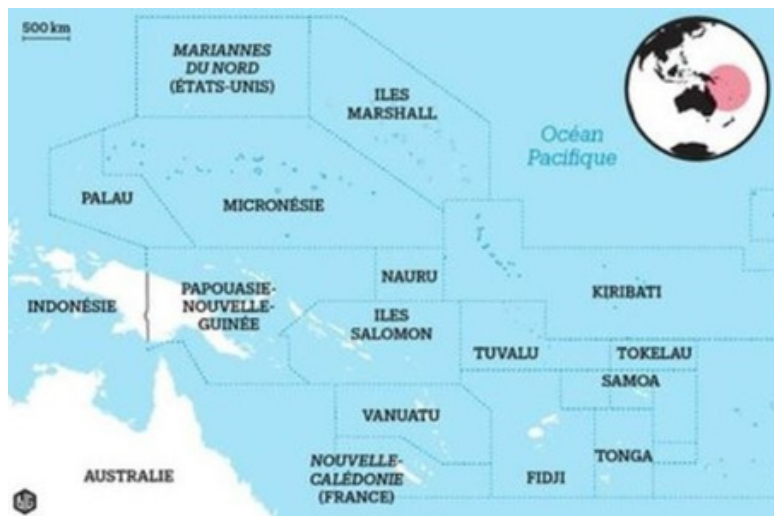

Close March 23 Start: 04/2023

Call 4. Strengthen a Pacific-based framework for education / knowledge
 -> on **R&I processes and tools**,
 -> on **climate change impact (CCI)**,
 -> on **prevention (examples of LL outputs)**

TARGET GROUPS

LOCATIONS

RESULTS

Strengthening R&I in the Pacific with a focus on how to mitigate climate change impact

1. Mapping and diagnosis of the Pacific R&I ecosystem
2. Mobilize stakeholders for improving R&I strategy
3. Capacity Building on innovation processes
4. Contributing to the stakeholders capabilities in the CCI mitigation
5. Strengthen stakeholders ability to tackle CCI
6. Creation of Living Labs as models for co-construction of innovative solutions
